NOTES:

1. The Ministry of Corporate Affairs (MCA), vide its General Circular No. 20/2020 dated May 05, 2020 read with Circular No. 14/2020 dated April 08, 2020, Circular No.17/2020 dated April 13, 2020, Circular No. 02/2021 dated January 13, 2021, Circular No. 19/2021 dated December 08, 2021 and Circular No. 02/2022 dated May 05, 2022 issued by the Ministry of Corporate Affairs (“MCA Circulars”) and Circular No. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020 SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated January 15, 2021 and SEBI/HO/CFD/CMD2/CIR/P/2022/62 dated May 13, 2022 issued by the Securities and Exchange Board of India (“SEBI Circular”), physical attendance of the Members to the EGM/AGM venue is not required and Annual General Meeting (AGM) be held through Video Conferencing (VC) or Other Audio-Visual Means (OAVM) during the calendar year 2022. The Board of Directors of the Company has decided to adopt the above guidelines issued by Ministry of Corporate Affairs and SEBI in conducting Annual General Meeting of the Company. Hence, Members can attend and participate in the ensuing Annual General Meeting through VC/OAVM, which may not require physical presence of members at a common venue. The deemed venue for the AGM shall be the Registered Office of the Company.
2. Generally, a member entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote on a poll instead of himself and the proxy need not be a member of the Company. Since this 37th AGM is being held through VC / OAVM pursuant to the MCA Circulars, physical attendance of members has been dispensed with. Accordingly, the facility for appointment of proxies by the members will not be available for the 37th AGM and hence the Proxy Form and Attendance Slip are not annexed hereto.
3. Since the AGM will be held through VC / OAVM, the route map of the venue of the Meeting is not annexed hereto.
4. The Explanatory Statement as required under Section 102 of the Companies Act, 2013 in respect of Special Business(s) is attached herewith.
5. Details under Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 in respect of the Director seeking appointment / re-appointment at the Annual General Meeting, form an integral part of the notice. The Director has furnished the requisite declaration for her appointment /re-appointment.
6. The equity shares of the Company are listed on National Stock Exchange of India Limited and BSE Limited.
7. Members holding shares in electronic form are requested to intimate immediately any change in their address or bank mandates to their Depository Participants, with whom they are maintaining their demat accounts. Members holding shares in physical form are requested to advise any change in their address immediately to the Company / Registrar and Share Transfer Agent, M/s. KFin Technologies Limited (Kfintech).
8. Corporate / Institutional Members (Corporate / FIs / FII / Trust / Mutual Funds / Banks, etc.) are required to send scanned copy (PDF format) of the relevant Board resolution authorizing the representative to attend the AGM through VC and vote either through remote e-voting or voting during the AGM. The said Board resolution shall be sent to the Scrutinizer through e-mail to lakshmmi6@gmail.com with a copy to evoting@Kfintech.com. The file scanned image / pdf file of the Board Resolution should be in the naming format “Corporate Name_EVEN No”.
9. Equity Dividend for the Financial Year 2015-16, which remains unpaid and unclaimed, will be due for transfer to the Investor Education and Protection Fund (IEPF) of the Central Government. Members who have not encashed their dividend warrants for the financial year 2015-16 or any subsequent financial years, are requested to lodge their claims with the Company's Registrar and Share Transfer Agents.
10. Members may further note that, pursuant to Section 124 of the Companies Act, 2013, read with the IEPF Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 (as amended), all Shares on which Dividend remains unclaimed for 7 (seven) consecutive years or more have been, and shall be liable to

NOTICE

be, transferred to IEPF Account. Members are further advised that in terms of applicable provisions of the Act and IEPF Rules, Unclaimed Dividends and Shares transferred to IEPF can be claimed from the IEPF after following process prescribed in the said Rules.

11. Pursuant to Section 72 of the Companies Act, 2013, shareholders holding shares in physical form may file nomination in the prescribed Form SH-13 with the Company's Registrar and Share Transfer Agent, M/s. KFin Technologies Limited. In respect of shares held in electronic / demat form, the nomination form may be filed with the respective Depository Participant.

12. In accordance with Regulation 40 of the Listing Regulations, effective from April 1, 2019, transfers of securities of the Company shall not be processed unless the securities are held in the dematerialized form with a depository. Accordingly, any Member who is desirous of transferring shares (which are held in physical form) can do so only after the shares are dematerialized. Members holding equity shares in physical form are therefore urged to have their shares dematerialized at the earliest and contact their Depository Participant for this conversion.

13. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to the Registrar and Transfer Agent, M/s. KFin Technologies Limited.

14. Smt. Lakshmmi Subramanian, Senior Partner, M/s. Lakshmmi Subramanian & Associates, Practicing Company Secretary (Membership No. 3534) has been appointed as the Scrutinizer to scrutinize the e-voting and Insta Poll process in a fair and transparent manner.

15. The Scrutinizer, after scrutinizing the votes cast at the meeting and through remote e-voting, will declare results within two working days of the conclusion of the meeting, make a consolidated scrutinizer's report and submit the same to the Chairman. The results declared along with the consolidated scrutinizer's report shall be placed on the website of the Company www.suntv.in and on the website of KFinTech <https://evoting.kfintech.com>. MANAGEMENT DISCUSSION AND ANALYSIS REPORT
(Pursuant to Regulation 34 of SEBI (LODR) Regulations, 2015)

The figures have been stated in Rs. Crore for better readability.

Investors are cautioned that this discussion contains forward looking statements that involve risks and uncertainties including, but not limited to, risks inherent in the Company's growth strategy, acquisition plans, dependence on certain businesses, dependence on availability of qualified and trained manpower and other factors. The following discussion and analysis should be read in conjunction with the Company's financial statements included herein and the notes thereto.

India Bounces Back

The pandemic's impact has largely reduced and the nation as a whole recovered resoundingly and survived the threats of a much feared third wave and many other imponderables like the Delta variant and the so called monkeypox. It is heartening to note that Government of India marshalled all its resources in the most cavalier fashion to combat the scourge of the virus. It is no surprise that our vaccination program won accolades globally.

The Union Budget led investments in social welfare schemes have had a salutary effect in mitigating the pain of deprivation caused by loss of livelihoods. Many state governments too have emulated the example set by the union government to help accelerate the transfer of benefits to the needy. As a result of such initiatives, we have seen demand revival in almost every sector. The GDP grew 8.7 per cent in 2021-22, which takes the economy above its pre-pandemic level and is an improvement after contracting 6.6 per cent in 2020-21.

Despite the fears around a raging pandemic and worrying reports of a whole host of mutating viruses, the new legion of startups and unicorns hogged the limelight. Digital is the name of the game and data harvesting was the prime mover of many new businesses.

Industry Trends

The traditional media and entertainment industry saw a gratifying rebound during the year ended March 2022 although many leading indicators are still trailing the performance standards of the pre pandemic year of 2019-20. It is noteworthy that production schedules for all shows cutting across TV serials, OTT originals, feature films etc. have stabilised totally. However, certain aspects have altered the contours of the M&E sector permanently. Strict protocols initiated for resumption of shoots have had material implications for an industry that was struggling to settle down. The increase in costs of production have inevitably and profoundly impacted margins and profitability. Your company's own production house, Sun Pictures, released three blockbuster titles featuring box office icons during the year under review.

TV advertising revenues have grown sharply as and when operations at various companies returned to normalcy. In the wake of changing lifestyles, newer companies in e-commerce, food delivery, fintech led trading platforms, edutech, gaming, health insurance etc stepped ad spends.

FM radio stations saw a sharp rise in ad revenues, while print media witnessed big jumps in both circulation and advertisements. However, both these segments are yet to recapture the volumes and pricing of the pre pandemic levels. Multiplexes saw gratifying increase in footfalls as the crowds started thronging cinema theatres that resumed the screening of movies.

OPPORTUNITIES AND THREATS

Oppurtunities :

The outbreak of Covid 19 has shifted focus of television and internet viewing to a different paradigm. There has been an overall increase in watching programs both on linear television and OTT Platforms as well as usage of internet. This results in increase in the advertisement over a period of time.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT (Pursuant to Regulation 34 of SEBI (LODR) Regulations, 2015)

In the recent years, subscription revenues have overtaken advertisement revenues, however as mentioned herein with increased viewership, the bandwidth to widen the advertisement revenue base remains very strong. With the continued influence of digitalisation on the Media and Entertainment Industry, the opportunities to enhance the revenue are on the rise.

Threats:

It is difficult to predict our revenues and expenses as they fluctuate significantly given the nature of the markets in which we operate. This increases the likelihood that our results could fall below the expectation of market analysts. Certain threats are summarized below:

- ⇒ The commercial success of Sun Network depends on our ability to cater to viewer preference and maintain high audience shares which could be affected.
- ⇒ Subscription and Advertising income continue to be the major source of Sun Network's revenues, which could decline due to a variety of factors.
- ⇒ Technological failures could adversely affect our business.
- ⇒ Our inability to effectively deploy and manage funds could affect our profitability.
- ⇒ The competition and increasing prices may adversely affect our ability to acquire desired programming and artistic talent.
- ⇒ Sun Network operates in an intensely competitive industry.
- ⇒ Sun Network is a regional broadcaster, which may limit our opportunities for growth as well as our attractiveness to advertising customers and others.

SEGMENT

Sun Network's operations predominantly relate to a single segment "Broadcasting".

OUTLOOK

Sun Network delivers a steady flow of highly popular programs and a dominant share of audience viewership which has given the network tremendous pricing power vis-a-vis competitors. Sun Network continues to have its presence across genres like general entertainment, movies, music, news, kids, life and while having a considerable market share in the four southern states of India (Tamil Nadu, Kerala, Karnataka and Andhra Pradesh), has expanded to Bangla and Marathi Languages in the recent years. In the coming years it is expected that the contribution of revenues from the Cricket Franchise will rise substantially further supported by incremental revenues from movie distribution.

It is expected that the new stream of revenue for the Company arising from the increased DTH subscriber base in South India would maintain a positive momentum in the coming years. This may be achieved by the drive initiated or to be initiated by the Government towards digitalization and addressability for cable television which would help Sun TV Network, being the largest regional television network, to be one of the major beneficiaries of the recent growth in the DTH space.

FINANCE AND HUMAN RESOURCE

Finance:

The Total Income for the year ended March 31, 2022 was Rs. 3,749.64 crore as against Rs. 3,388.03 crore during the previous year ended March 31, 2021. Profit Before Tax was Rs. 2,193.14 crore as against Rs. 1,934.81 crore in the previous year. Profit After Tax was Rs. 1,644.80 crore as

MANAGEMENT DISCUSSION AND ANALYSIS REPORT
(Pursuant to Regulation 34 of SEBI (LODR) Regulations, 2015)

against Rs. 1,520.41 crore in the previous year. During the financial year ended March 31, 2022, the Board of Directors have declared an Interim Dividends of Rs. 3.75 per equity share (75%) declared on 13th August, 2021, Rs. 2.50 per equity share (50%) declared on 5th November, 2021 and 10th February, 2022 and Rs. 5.00 per equity share (100%) of face value of Rs. 5.00 each on 7th March, 2022 and have not recommended any Final Dividend. The dividend payout would result in a total dividend of 275%, i.e., Rs. 13.75 per equity share of face value of Rs. 5.00 each for the financial year ended March 31, 2022. (Prev. Year of 100%, i.e., Rs. 5.00 per equity share of face value of Rs. 5.00 each). The Reserve and Surplus of the Company as on March 31, 2022 stood at Rs. 7,856.17 crore as against Rs. 6,751.95 crore as on March 31, 2021.

Human Resources:

At Sun Network, with 1106 employees, human resource is a key asset capital and an important business driver for the Company's sustained growth and profitability. Hence, we at Sun Network believe that training, like all organizational development processes cannot be a function of time, but rather an ongoing process with the developmental needs and business planning processes being formalized constantly. A continuous review of the monitoring process is underway and procedures and systems are being institutionalized across the organization.

The Current Ratio for the year ended March 31, 2022 is 7.82 % (previous year 6.14%) and the change in the Ratio is 27.29%

Increase in Current Ratio is due to higher current tax provision in the previous year as the Company had opted to settle earlier year tax demand under Direct Tax Vivad se Vishwas Act, 2020 which had been reduced in the current year due to tax remittance

Return on Net Worth has declined to 20.42% for the year ended March 31, 2022 from 21.88% for the previous year due to lower payouts of dividends in the recent Covid-19 impacted years which has resulted in increasing the Net Worth.

FINANCIAL REVIEW 2021-22*(Pursuant to Regulation 34 of SEBI (LODR) Regulations, 2015)***4. RISK ANALYSIS AND MANAGEMENT**

Risk is an inherent feature of any business activity, more so when the dependence is on the consistency on the deliverables of the Company and linked to the sustained support from the viewers and advertisers' community at large. Like every organization, Sun TV Network Limited (Sun Network) business is also impacted by a number of factors. Given below is an overview of some of the major risks affecting any business and Sun's position vis-à-vis these risks.

PRINCIPAL RISKS AND THEIR MITIGATION**STRATEGIC RISK**

The performance and growth of media industry are dependent on the health of the Indian economy and in particular the economies of the regional markets it serves. These economies could be adversely affected by various factors, such as political and regulatory action including adverse changes in liberalization policies, social disturbances, terrorist attacks and other acts of violence or war, natural calamities, interest rates, commodity and energy prices and various other factors.

The media industry in India has been continuously fraught with regulatory issues including those of license, investment caps and ownership limits. Although Sun Network has performed well in spite of these adversities, further regulatory changes always remain a concern.

Sun TV Network has been able to capitalize on its leadership position built over the years, by fortifying its hold over quality content. Over the years the company has moved from the strategy of selling telecast slots to commissioning of programs and retaining the ownership rights for further monetisation in both linear and OTT Platforms. By its ability to provide a variety of largely fiction content across the six languages, coupled with non-fiction programs, Sun TV Network maintains a considerable share of audience viewership which empowers the network with tremendous pricing power vis-à-vis the competitors. With South India producing the largest number of films per year and with huge movie following target audience, Sun Network ensures availability of the best of the films by its ability to purchase satellite rights on a perpetual rights basis.

Risk Mitigation

In recent years Sun Network has already expanded its horizon beyond the southern states and moved into Bangla and Marathi Languages and is confident of its ability to withstand and overcome competition based on its strong hold in delivery of content.

OPERATIONAL RISK

In the event of possible continued fluctuation or decline in the popularity of channels of Sun Network, there could be impact on both advertisement as well as subscription revenues.

Risk Mitigation

Apart from the considerable size of the movie library across the four languages, Sun Network now also owns most of the fiction content created in the recent years, that can be monetised time and again both on the linear and OTT Platforms. This ability also gives Sun Network significant pricing power to enhance revenues from the advertisement and subscription markets.

FINANCIAL RISK**Treasury Investments Risk**

The Company carries significant amounts of surplus cash on its balance sheet, which are invested in

FINANCIAL REVIEW 2021-22
(Pursuant to Regulation 34 of SEBI (LODR) Regulations, 2015)

various securities; the value of these investments may be eroded if they are deployed in risky asset classes.

Risk Mitigation

The Company follows a conservative policy of investing, which disallows any exposure to volatile assets like equity shares or illiquid assets like real estate. The policy is defined to preserve capital by permitting investments only into AAA rated instruments, with reasonable rates of return and allows quick liquidation by avoiding long dated securities.

Leverage Risk

A high debt component could result in an excessive interest drain. FINANCIAL REVIEW 2020-21 (Pursuant to Regulation 34 of SEBI (LODR) Regulations, 2015)

Risk Mitigation

The company is a zero debt company.

Receivable Risk

Delays in collection of accounts receivable could affect the Company's cash flow, with poor follow up potentially leading to delinquency and write offs.

Risk Mitigation

The company constantly monitors its debt collection and ensures that the debtors are periodically reviewed and dues maintained at levels that do not affect its cash flow.

LEGAL AND STATUTORY RISKS

Risk on contractual liabilities The risk arising out of contracts that impose onerous responsibilities.

Risk Mitigation

The Company constantly reviews all Agreements, documents and contracts to ensure compliance with the accepted business procedures.

Compliance failure risk

The risk arising out of non-compliance with statutory requirements.

Risk Mitigation

Sun TV Network ensures strict compliance of all statutory requirement through a well-developed internal process and is duly supported by its legal team and these processes are continuously monitored and reviewed periodically to adapt to the changing requirements.

5. INTERNAL CONTROL

Weak internal control can jeopardize the Company's financial position.

Risk Mitigation

The Company has in place systems and processes, commensurate with its size and nature of business so as to ensure adequate internal control while ensuring smooth conduct of operations and compliance

FINANCIAL REVIEW 2021-22

with statutory requirements under all applicable legislations. The Company has implemented SAP ERP system, which ensures significant automation of processes, with sufficient IT system controls in place. Independent internal audit is carried out to ensure adequacy of internal control system and adherence to policies and practices. The Audit Committee reviews the functioning of the internal audit function.

INDEPENDENT AUDITORS' REPORT

To The Members of Sun TV Network Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Sun TV Network Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.
- Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITORS' REPORT(Continued)

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company to express an opinion on the standalone financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of the Company included in the standalone financial statements of which we are the independent auditors. Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and

INDEPENDENT AUDITORS' REPORT(Continued)

qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

INDEPENDENT AUDITORS' REPORT(Continued)

- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies)/ ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies)/("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The interim dividend declared by the Company during the year is in accordance with section 123 of the Companies Act 2013 to the extent it applies to declaration of dividend.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Sun TV Network Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

- (xiii) In our opinion and according to the information and explanations given to us the Company is in compliance with Section 188 and Section 177 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv)(a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (xiv)(b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto December 31, 2021 and the internal audit reports where issued after the balance sheet date covering the period January 1, 2022 to March 31, 2022 for the period under audit.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi)(a) The Company is not required to be registered under section 45-I of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.
- (xvi)(b) In our opinion, there is no Core Investment Company (CIC) within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause (xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the CARO 2020 Order is not applicable for the year.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

1. Corporate information

Sun TV Network Limited ('Sun TV' or 'the Company') was incorporated on December 18, 1985 as Sumangali Publications Private Limited. The Company is engaged in producing and broadcasting satellite television and radio software programming in the regional languages. The Company is listed on the Bombay Stock Exchange ('BSE') and the National Stock Exchange ('NSE') in India. The Company has its registered office at Murasoli Maran Towers, 73, MRC Nagar Main Road, MRC Nagar, Chennai – 600 028.

The Company currently operates television channels in four South Indian languages and also in Bangla and Marathi, predominantly to viewers in India, and also to viewers in Sri Lanka, Singapore, Malaysia, United Kingdom, Europe, Middle East, United States, Australia, South Africa and Canada. The Company's flagship channel is Sun TV. The other major satellite channels of the Company are Surya TV, Gemini TV, Udaya TV Sun Bangla and Sun Marathi. The Company is also into the business of FM Radio broadcasting at Chennai, Coimbatore and Tirunelveli. The Company produces its own content / acquires the related rights. The Company has the license to operate an Indian Premier League ('IPL') franchise "Sun Risers Hyderabad". The Company also operates an OTT platform "SUNNXT".

These standalone financial statements reviewed and recommended by the Audit Committee and has been approved by the Board of Directors at their meeting held on May 27, 2022.

2. Summary of significant accounting policies

a) Statement of compliance and basis of preparation of financial statements

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, read with Companies (Indian Accounting Standards) Amendment Rules, 2016, as amended and notified under Section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the Act.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements have been prepared on a historical cost basis except for certain financial assets and liabilities, which have been measured at fair value (refer accounting policy regarding financial instruments).

b) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

c) Property, plant and equipment and Depreciation

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price (including all duties and taxes after deducting trade discounts and rebates if any) and any attributable cost of bringing the asset to its working condition for its intended use. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. Likewise, when a major expenditure is incurred, its cost is recognised in the carrying amount of the plant and equipment, if it increases the future benefits from the existing asset. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure, are charged to the statement of profit and loss for the period during which such expenses are incurred.

For depreciation, the Company identifies and determines cost of assets significant to the total cost of the assets having useful life that is materially different from that of the life of the principal asset.

Property, plant and equipment under construction and fixed assets acquired but not put to use at the balance sheet date are classified as capital work in progress.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from de-recognition of Property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation

Based on a technical assessment and a review of past history of asset usage, management of the Company has not revised its useful lives to those referred to under Schedule II to the Companies Act, 2013 (as amended).

Depreciation on property, plant and equipment other than aircraft and leasehold improvements is provided on written down value method, using the rates arrived at based on the useful lives estimated by the management. The Company has used the following useful life to provide depreciation on its property, plant and equipment.

	<u>Years</u>
Buildings	20 - 58
Plant and machinery	10 - 20
Office Equipment	3 - 20
Computer and related equipment	6 - 13
Furniture and fittings	15
Motor Vehicles	10

Leasehold improvements are depreciated over the lower of estimated useful lives of the assets and the remaining primary period of the lease. The average useful life of Leasehold improvements is 3 to 8 years.

Costs incurred towards purchase of aircraft are depreciated using the straight-line method based technical assessment and a review of past history of asset usage. Management's estimate of useful life of such aircraft is 10 years .

Fixed assets individually costing Rs. 5,000/- or less are depreciated within one year from the date of purchase.

d) Investment Properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

Depreciation on Investment properties is provided on written down value method, using the useful lives estimated by the management. The Company, based on technical assessment made by technical expert and management estimate, depreciates the building over estimated useful life of 20 to 58 years which is different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Though the Company measures investment properties using cost based measurement, the fair value of investment properties is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an registered valuer as defined under Rule 2 of Companies (Registered Valuers and Valuation) Rules, 2017 applying an approved valuation model (refer note 4 and 37 of Standalone financial statements).

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

e) Intangible assets and amortization

Intangible assets acquired are measured on initial recognition at cost. Following initial recognition, Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

□ Computer software

Costs incurred towards purchase of computer software are depreciated using the straight-line method over a period based on management's estimate of useful lives of such software being 3 years, or over the license period of the software, whichever is shorter.

□ Film and program broadcasting rights ('Satellite Rights')

Acquired Satellite Rights for the broadcast of feature films and other long-form programming such as multi-episode television serials are initially stated at cost.

With effect from April 1, 2021, the management has reassessed the estimated useful life of film broadcasting rights (satellite rights) based on the pattern of the expected future economic benefits and accordingly, cost of such rights are amortized over a period of four years, from the date of first telecast of the film, in a graded manner in line with the prevailing industry practices in India and across the world. This was, hitherto, fully expensed off on the date of first telecast of the film.

The cost related to program broadcasting rights / multi episodes series are amortized based on the telecasted episodes.

□ Film production costs, distribution and related rights

The cost of film production is allocated between distribution and related rights based on management's estimate of revenue. Distribution rights are amortized upon the theatrical release of the film and other related rights are amortised either on sale or exploitation of such rights.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

□ Licenses

Licenses represent one-time entry fees paid to Ministry of Information and Broadcasting ('MIB') under the applicable licensing policy for Frequency Modulation ('FM') Radio broadcasting. Cost of licenses are amortised over the license period, being 15 years.

f) Impairment of non-financial assets

At each reporting date, the Company assesses whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit's ('CGU') fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value cost of disposal, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

Impairment losses are recognized in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Company estimates the asset's or cash-generating unit's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of profit and loss.

g) Franchisee fees

The annual franchise fee payable to the Board of Control for Cricket in India ('BCCI') is recognized as an expense on an accrual basis in accordance with terms of the Company's agreement with BCCI.

h) Borrowing costs

Borrowing costs are expensed in the period in which they are incurred.

i) Revenue recognition

Revenue is recognized when the performance obligations under the contract with customers are satisfied and to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to credit risks.

□ Advertising income and income from sales of telecast slots are recognised when the related commercial or programme is telecast.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

- International subscription income represents income from the export of program software content, and is recognised as and when the services are rendered in accordance with the terms of agreements with customers.
- Subscription income represents subscription fees billed to cable operators / the Company's authorised distributor / Direct to Home ('DTH') service providers and are recognised in the period during which the service is provided. Subscription fees billed to cable operators are determined based on number of subscription points to which the service is provided based on relevant agreements with such cable operators (along with management's best estimates of such subscription points wherever applicable), at contractually agreed rates. Subscription income from SUNNXT customers is recognised as and when services are rendered in accordance with the terms of agreements entered into with the customers.
- Revenues from sale of distribution rights and other rights relating to the movie produced are recognised in accordance with the terms of contract with customers and upon satisfaction of performance obligation under the contract.
- Income from content trading represent revenue earned from mobile service providers and DTH service providers through exploitation of content owned by the Company. Income is recognised as per the terms of contract with the respective service providers and based on the services being rendered to the service provider.
- Income from Indian Premier League represents following:

Income from franchisee rights is recognised when the rights to receive the payments is established as per the terms of the agreement entered with The Board of Control for Cricket in India ("BCCI"). Revenue is recognised as per the information provided by BCCI or as per Management's estimate in case the information is not received. The revenue is allocated on a pro-rata basis to number of matches played during the year as against the total number of matches for the season / tournament.

Income from sponsorship fees is recognised on completion of terms of the sponsorship agreement.

Income from sale of tickets is recognised on the dates of the respective matches. The Company reports revenues net of discounts offered on sale of tickets.

Prize money is recognised when right to receive payment is established.

- Revenues from barter transactions, and the related costs, are recorded at fair values of the services received or if the same cannot be measured reliably, then the fair value of the services rendered, as estimated by management.
- For all debt instruments, interest income is recorded using the effective interest rate (EIR). Finance income is included in other income in the statement of profit and loss.
- Dividend income is recognised when the right to receive payment is established, which is generally when shareholders of the investee entity approve the dividend.
- Rental income arising from operating leases on investment properties is accounted for based on the terms of the agreements and is included in other income in the statement of profit or loss.
- Export incentives are recognized when the right to avail the benefits under the respective schemes is established.

Revenues recognised in excess of billings are disclosed as "Unbilled Revenue" under other current financial assets. Billings in excess of revenue recognised are disclosed as "Deferred Revenues" under other current liabilities.

j) Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes the contribution payable to the provident fund scheme as an expenditure when the employee renders the related service.

Gratuity liability is a defined benefit obligation. The cost of providing benefits under the plan is determined on the basis of actuarial valuation at each year-end using the projected unit credit method.

Remeasurement, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income ('OCI') in the period in which they occur. Remeasurement is not reclassified to profit or loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Re-measurement gains /losses are accounted through Profit or Loss account and are not deferred.

The Company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

k) Taxes

Tax expense comprises current and deferred tax.

a. Current income-tax

Current income-tax asset and liabilities are measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted at the reporting date. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b. Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss

- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits, books value of assets and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities.

l) Earnings per share (EPS)

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split and reverse share split that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

m) Leases

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are re-measured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

n) Cash and Cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management operations.

o) Foreign currency transactionsInitial recognition

Foreign currency transactions are recorded in the functional currency, by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are translated using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary items which are carried at fair value denominated in a foreign currency are translated using the exchange rates that existed when the values were determined.

Exchange differences

All exchange differences arising on settlement / conversion of foreign currency monetary items are included in the statement of profit and loss.

p) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability
- The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For recurring and non-recurring fair value measurements categorised within Level 3 of the fair value hierarchy, mention a description of the valuation processes used by the entity (including, for example, how an entity decides its valuation policies and procedures and analyses changes in fair value measurements from period to period).

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in Note No. 34 & 35 of the Standalone financial statements.

q) Provisions

A provision is recognized when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. The expense relating to a provision is presented in the statement of profit and loss.

(All amounts are in crores of Indian Rupees, unless otherwise stated)

r) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets*Initial recognition and measurement*

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Debt instruments at amortized cost
- Debt instruments at fair value through profit or loss (FVTPL)
- Equity instruments at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

Debt instrument at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or it is designated as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and loss account. The Company does not have any financial asset under this category.

In addition, the Company may elect to classify a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, the Company doesn't have any debt instruments that qualify for FVTOCI classification.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL. However, there are no such instruments that have been classified through FVTOCI and all equity instruments are routed through FVTPL.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

Equity investment in Subsidiary and Joint Venture

Investment in subsidiary and joint venture is carried at cost in the separate financial statements as permitted under Ind AS 27.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortized cost e.g. debt securities, deposits, trade receivables and bank balance
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18.

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortized cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Financial liabilities**Initial recognition and measurement**

The Company's financial liabilities include deposits, and trade and other payables. These are recognized initially at amortized cost net of directly attributable transaction costs.

Subsequent measurement

After initial recognition, they are subsequently measured at amortized cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

The EIR amortization is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of IndAS 109 and the amount recognised less cumulative amortisation.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

s) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

t) Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and depreciated / released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset.

u) Segment reporting

Based on internal reporting provided to the Chief operating decision maker, the Company's operations predominantly related to Media and Entertainment and, accordingly, this is the only operating segment. The management committee reviews and monitors the operating results of the business segment for the purpose of making decisions about resource allocation and performance assessment using profit or loss and return on capital employed.

v) Recent accounting pronouncements

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022 relating to Ind AS 16, Property Plant and equipment and Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets.

Ind AS 16, Property Plant and equipment – The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022.

Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets –

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labor, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted.

The Company has evaluated the above amendments and concluded that these are not applicable to the Company.

w) Significant accounting judgements, estimates and assumptions

The preparation of the Company's Standalone Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

judgements, which have the most significant effect on the amounts recognised in the Standalone Financial Statements:

Amortisation of intangible assets

Acquired Satellite Rights for the broadcast of feature films and other long-form programming such as multi-episode television serials are stated at cost.

With effect from April 1, 2021, the management has reassessed the estimated useful life of film broadcasting rights (satellite rights) based on the pattern of the expected future economic benefits and accordingly, cost of such rights are amortized over a period of four years, from the date of first telecast of the film, in a graded manner in line with the prevailing industry practices in India and across the world. This was, hitherto, fully expensed off on the date of first telecast of the film.

The cost related to program broadcasting rights / multi episodes series are amortized based on the telecasted episodes

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the Standalone Financial Statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Provision for taxes

The Company's tax expense for the year is the sum of the total current and deferred tax charges. The calculation of the total tax expense necessarily involves a degree of estimation and judgement in respect of certain items. A deferred tax asset is recognised when it has become probable that future taxable profit will allow the deferred tax asset to be recovered. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and other post-employment leave encashment benefit and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Going concern evaluation

The Company is debt free and based on estimation of revenues and cash flows for a 12-month period from the date of approval of these financial statements, the management has assessed and concluded that preparation of these financial statements on a going concern basis is appropriate. Also refer note 44 for impact of COVID 19 on its financial statements.

Note: 5.1 With effect from April 1, 2021, the management has reassessed the estimated useful life of film broadcasting rights (satellite rights) based on the pattern of the expected future economic benefits and accordingly, has decided to amortize the cost of such rights over a period of four years, from the date of first telecast of the film, in a graded manner in line with the prevailing industry practices in India and across the world. This was, hitherto, fully expensed off on the date of first telecast of the film. Consequently, the depreciation and amortization expense is lower by Rs.213.55 crores for the year ended March 31, 2022 and the Profit before tax is higher by Rs.213.55 crores and Profit after tax / Total Comprehensive Income is higher by Rs.159.80 crores respectively for the year ended March 31, 2022.

The units have a defined maturity period and will mature in April, 2026. Upon maturity, the Company will get back the investments along with return indicated. The return on this investment will be realized either by holding the unit till maturity or upon the sale prior to the maturity.

The Company has irrevocably designated these debentures to be subsequently measured at FVTPL, in order to eliminate measurement inconsistency.

Fair value hierarchy disclosures for investment in Non Convertible debentures have been provided in Note 35 - 37.

Note 7.4.2 - Investment in Non Convertible debentures issued by Axis Finance

The Company holds 250 redeemable non-convertible debentures issued by Axis Finance Ltd ("issuer"), having face value of Rs. 10,00,000/- debenture and the principal is protected at maturity. These debentures listed on the National Stock Exchange, carry the highest credit rating of AAA and will be redeemed in June 30, 2022 at a price being the last traded (closing) price of 6.45 Gsec 2049 as on 30th May 2022. The return on this investment will be realised either by holding the debentures till maturity or upon the sale of the same to another investor before the debentures are redeemed by the issuer.

The Company has irrevocably designated these debentures to be subsequently measured at FVTPL, in order to eliminate measurement inconsistency.

Fair value hierarchy disclosures for investment in Non Convertible debentures have been provided in Note 35 - 37.

Note 30. Employee benefit plans - Gratuity

A) Defined Contribution plans

i) **Contribution to Provident Fund** : Contributions towards Employees Provident Fund made to the Regional / Employee Provident Fund are recognised as expenses in the year in which the services are rendered.

ii) **Contribution to Employee State Insurance** : Contributions to Employees State Insurance Scheme are recognised as expense in the year in which the services are rendered.

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on cessation of employment at 15 days salary (last drawn salary) for each completed year of service. The fund has the form of a trust and it is governed by the Board of Trustees. The Board of Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy. Each year, the Board of Trustees reviews the level of funding in the gratuity plan. Such a review includes the asset-liability matching strategy and investment risk management policy. The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficits (based on valuation performed) will arise.

The scheme is funded with an insurance company (LIC) in the form of a qualifying insurance policy.

The following tables summarize the components of net benefit expense recognised in the statement of profit and loss and the funded status and amounts recognised in the balance sheet for the Gratuity plan.

Note 33. Segment information

Based on the internal reporting provided to the Chief Operating Decision Maker, Media and Entertainment is the only operating segment for the company.

Geographic information

Revenue from customers

	Year ended	
	March 31, 2022	March 31, 2021
India	3,290.95	2,929.27
Outside India	213.93	187.32
Total revenues per statement of profit or loss	3,504.88	3,116.59

The Company has one major customer (greater than 10% of total income) and revenue from operation aggregate to Rs.1,172.01 crores. Previous year there were no sales to external customers for more than 10% of the total income.

Non-current operating assets

	As at	
	March 31, 2022	March 31, 2021
India	1,980.14	1,079.57
Rest of the world	-	-
Total	1,980.14	1,079.57

Non-current assets for this purpose consist of property, plant and equipment, investment properties, intangible assets, capital work in progress and other non current assets (other than financial instruments).

Note 34. Fair values

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:

	Carrying value		Fair value	
	March 31, 2022	March 31, 2021	March 31, 2022	March 31, 2021
Financial assets (Non Current & Current)				
Investments in tax free bonds at amortised cost	112.72	196.46	116.01	202.90
Investments in taxable bonds at amortised cost	823.67	469.79	828.93	474.05

	- Quoted in active market	4.54%	6.42%	(29.25%)
	- Unquoted	5.81%	6.01%	(3.38%)

Reason for change more than 25%

Current Ratio - Increase in Current Ratio is due to higher current tax provision in the previous year as the Company had opted to settle earlier year tax demand under Direct Tax Vivad se Vishwas Act, 2020 which had been reduced in the current year due to tax remittance.

Trade Payable Turnover Ratio - The Ratio for the financial year ended March 31, 2021 was lower than normal levels because of the Covid induced impacts on production of serials/movies/other programming during the most months of that financial year. The operations stabilized during the subsequent financial year ended March 31, 2022, and the ratio has risen as expenses on content acquisitions have normalised at pre-pandemic levels.

Return on Investment - Quoted in active market - During the year ended March 31, 2022, the debt markets were extremely volatile which necessitated certain mark to market provisions. Further on account of the uncertainty, the Company decided to hold most of its investments in short term papers on which yields are much lower.

Note 44. Impact of COVID-19 on its financial statements

The outbreak of COVID -19 pandemic and consequent lock down has impacted the regular business operations of the Company in the initial quarter. The financial statements for the year ended March 31, 2022 are therefore not comparable with those for the earlier periods presented. The Company has assessed the impact of the pandemic on its financial statements / position based on the internal and external information, to the extent known and available up to the date of approval of these financial statements and based on the current estimates, the Company expects no further adjustments to the carrying amounts as at March 31, 2022 of the investments, intangible assets, receivables and other financial assets. This assessment and the outcome of the pandemic as regards the aforesaid matters is highly dependent on the circumstances / developments, as they evolve in the subsequent periods.

Note 45. Approval of financial statements

INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

To The Members of Sun TV Network Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Sun TV Network Limited ("the Holding Company") and its subsidiary (Kal Radio Limited), (Holding Company and its subsidiary together referred to as "the Group") which includes the Group's share of loss in its joint venture (South Asia FM Limited), which comprise the Consolidated Balance Sheet as at March 31, 2022, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of the subsidiary and joint venture referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS'), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2022, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and joint venture in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by and the other auditors in terms of their reports referred to in the sub-paragraph (a) of the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

1	<p>Allowances for credit losses:</p> <ul style="list-style-type: none"> ● The Company recognizes allowance for credit losses based on historical loss experiences, using the simplified approach. ● Measurement of loss allowance involves performance of ageing analysis, profiling of receivables, assessment of credit risk, expected cash flows including timing of such cash flows, consideration of reasonable and necessary information to assess the ability and intention to pay. ● A significant degree of judgement is required in determining the amount of loss allowance. <p>Refer accounting policy in Note 2(t) and provision for loss allowance in Note no. 26</p>	<p>Principal audit procedures performed:</p> <p>We have performed the following procedures:</p> <ul style="list-style-type: none"> ● We evaluated the design and tested the effectiveness of controls over the (1) input data used by the management such as the customers' credit risk and past trend of collections (2) completeness and accuracy of information used in the estimation process and (3) computation of the allowance for credit losses. ● We tested a sample of invoices to verify the accuracy of the aging data and profiling considered. ● We evaluated the management's process in estimating the credit risk and tested the assumptions using retrospective testing of the estimates with past trends of collection, realization of receivables subsequent to the balance sheet date, commitment plan received from the customers and confirmation of balances obtained. ● We also tested the mathematical accuracy and computation of the allowances.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.
- Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiary and its joint venture audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiary and joint venture, is traced from their financial statements audited by the other auditors.
- When we read the Annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with

INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group including joint venture in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and of joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its joint venture and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group (and of its joint venture) are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its joint venture are also responsible for overseeing the financial reporting process of the Group and of its joint venture.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its joint venture to cease to continue as a going concern.

INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

a) We did not audit the financial statements of the subsidiary, whose financial statements reflect total assets of Rs.450.40 Crores as at March 31, 2022, total revenues of Rs.92.04 Crores and net cash outflows amounting to Rs.4.28 Crores for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net loss (total comprehensive loss) of (Rs.8.63) Crores for the year ended March 31, 2022, as considered in the consolidated financial statements, in respect of its joint venture, whose financial statements have not been audited by us.

These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiary and joint venture and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary and joint venture is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements of the subsidiary and joint venture to in the Other Matters section above we report, to the extent applicable that:

INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books, returns and the reports of the other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2022 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its subsidiary company and joint venture company incorporated in India, none of the directors of the Group companies and its joint venture company incorporated in India is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Holding company, subsidiary company, and joint venture company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and joint venture
 - ii) The Group and its joint venture did not have any material foreseeable losses on long term contracts including derivative contracts.
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, its subsidiary company, and joint venture company incorporated in India.
 - iv) (a) The respective Managements of the Holding Company and its subsidiary which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiary respectively that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiary to or in any other person(s) or entity(ies)/("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiary ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

- (b) The respective Managements of the Holding Company and its subsidiary which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiary respectively that, to the best of their knowledge and belief, other than as disclosed in the notes to accounts, no funds have been received by the Holding Company or any of such subsidiary from any person(s) or entity(ies)/ ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances performed by us and those performed by the auditors of the subsidiary which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v) The interim dividend declared by the Holding Company during the year is in accordance with section 123 of the Companies Act 2013 to the extent it applies to declaration of dividend.
2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/ "the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of respective companies included in the consolidated financial statements to which reporting under CARO is applicable, as provided to us by the Management of the Holding Company, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said companies included in the consolidated financial statements, except in case of the joint venture where the auditors have reported as follows in Clause 3(e):

INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls over financial reporting of SUN TV NETWORK LIMITED (hereinafter referred to as "the Holding Company") and its subsidiary company, which includes internal financial controls over financial reporting of its joint venture, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, subsidiary company and joint venture company, which are companies incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Holding Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company, its subsidiary company and its joint venture, which are companies incorporated in India, based on our audit and that of other auditors. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary company and joint venture, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company, its subsidiary company and its joint venture, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in

INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Holding Company, its subsidiary company and joint venture, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to one subsidiary company and one joint venture, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matters.

2. Summary of significant accounting policies

a) Statement of compliance and basis of preparation of financial statements

The consolidated financial statements ('CFS') of the Group have been prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015, read with Companies (Indian Accounting Standards) Amendment Rules, 2016, as amended and notified under Section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the Act.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The consolidated financial statements have been prepared on a historical cost basis except for certain financial assets and liabilities which have been measured at fair value (refer accounting policy regarding financial instruments)

b) Basis of consolidation:

The consolidated financial statements comprise the financial statements of the Company and its subsidiary and its joint venture as at March 31, 2022. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

The Group re-assesses whether or not it controls an investee, if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

The consolidated financial statements are prepared by adopting uniform accounting policies for like transactions or other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the Holding company, i.e., year ended on March 31, 2022.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

Principles of consolidation:

Subsidiary:

- The consolidated financial statements of the Group have been prepared based on a line-by-line consolidation of the Balance Sheet, at March 31, 2022 and Statement of Profit and Loss and Cash Flows of Sun TV Network Limited & Kal Radio Limited for the year ended March 31, 2022.
- The financial statements of the subsidiary used for consolidation are drawn for the same reporting period as that of the Company i.e. year ended March 31, 2022.
- All inter-company transactions and balances between the entities included in the consolidated financial statements have been eliminated. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.
- Offset (eliminate) the carrying amount of the Holding Company's investment in the subsidiary and the Holding Company's portion of equity of the subsidiary. Business combinations policy explains how to account for any related goodwill.
- Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the Holding Company of the Group and to the non-controlling interest, even if this results in the non-controlling interest having a deficit balance.
- Consolidation is applied from the date of obtaining control by the Group, till the date when the Group loses control.
- On cessation of control,
 - Derecognises the assets (including goodwill) and liabilities of the subsidiary
 - Derecognises the carrying amount of any non-controlling interests
 - Recognises the fair value of the consideration received
 - Recognises the fair value of any investment retained
 - Recognises any surplus or deficit in profit or loss
 - Reclassifies the Holding Company's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities

Investments in Joint Ventures and Associates:

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries.

The Group's investment in its associates and joint ventures is accounted for using the equity method. Under the equity method, the investment in an associate or a joint venture is initially recognized at cost. The carrying amount of the investment is adjusted to recognized changes in the Group's share of net assets of the associates or joint ventures since the acquisition date. Goodwill relating to the associates or joint ventures is included in the carrying amount of the investment and not tested for impairment individually.

The statement of profit and loss reflects the Group's share of the results of operations of the associates or joint ventures. Any change in OCI of the investee is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the associates or joint ventures, the Group recognizes its share of any changes, when applicable, in the statement of changes in equity.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

Unrealized gains and losses resulting from transactions between the Group and associates or joint ventures are eliminated to the extent of the interest of the associates or joint ventures.

If an entity's share of losses of an associates or a joint ventures equals or exceeds its interest in the associates or joint ventures (which includes any long term interest that, in substance, form part of the Group's net investment in the associates or joint ventures), the entity discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associates or joint ventures. If the associates or joint ventures subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit or loss of an associate or joint ventures is shown on the face of the statement of profit and loss.

The financial statement of the associates or joint ventures is prepared for the same reporting period as the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associates or joint ventures. At each reporting date, the Group determines whether there is objective evidence that the investment in the associates or joint ventures is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associates or joint ventures and its carrying value, and then recognizes the loss as 'Share of profit of an associates or joint venture' in the statement of profit or loss.

Upon loss of significant influence or joint control of associates or joint ventures, the Group measures and recognizes any retained investment at its fair value. Any difference between the carrying amount upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

c) Business Combinations and Goodwill

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

d) Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

e) Property, plant and equipment and Depreciation

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price (including all duties and taxes after deducting trade discounts and rebates if any) and any attributable cost of bringing the asset to its working condition for its intended use. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. Likewise, when a major expenditure is incurred, its cost is recognised in the carrying amount of the plant and equipment, if it increases the future benefits from the existing asset. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure, are charged to the statement of profit and loss for the period during which such expenses are incurred.

For depreciation, the Group identifies and determines cost of assets significant to the total cost of the assets having useful life that is materially different from that of the life of the principal asset.

Property, plant and equipment under construction and fixed assets acquired but not put to use at the balance sheet date are classified as capital work in progress.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from de-recognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation

Depreciation on property, plant and equipment other than aircraft and leasehold improvements is provided on written down value method, using the rates arrived at based on the useful lives estimated by the management. The Group has used the following useful life to provide depreciation on its Property, plant and equipment.

	<u>Years</u>
Buildings	20-58
Plant and machinery (including aircraft)	10-20
Computer and related equipment	6-13
Furniture and fittings	10-15
Office equipment	3-20
Motor Vehicles	8-10

Leasehold improvements are depreciated over the lower of estimated useful lives of the assets or the remaining primary period of the lease. The average useful life of Leasehold improvements is 3 to 8 years.

Costs incurred towards purchase of aircraft are depreciated using the straight-line method based technical assessment and a review of past history of asset usage. Management's estimate of useful life of such aircraft is 10 years .

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

Fixed assets individually costing Rs.5,000/- or less are depreciated within one year from the date of purchase.

The management of the subsidiary, joint venture alongwith its Joint venture and associate companies based on internal and external technical evaluation reassessed the remaining useful life of assets primarily consisting of Plant and machinery, Furniture and fixtures and motor vehicles. The useful lives of certain assets required a change from the previous estimates and accordingly the subsidiary, joint ventures and associates have adopted the estimated useful life as referred to under Schedule II to the Companies Act, 2013 (as amended).

f) Investment Properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Depreciation on Investment property is provided on written down value method, using the useful lives estimated by the management. The Group, based on technical assessment made by technical expert and management estimate, depreciates the building over estimated useful life of 20 to 58 years which is different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Though the Group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer applying an approved valuation model (refer Note 4 and 37. of Consolidated Financial Statements).

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

g) Intangible assets and amortization

Intangible assets acquired are measured on initial recognition at cost. Following initial recognition, Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

□ Computer software

Costs incurred towards purchase of computer software are depreciated using the straight-line method over a period based on management's estimate of useful lives of such software being 3 years, or over the license period of the software, whichever is shorter.

□ Film and program broadcasting rights ('Satellite Rights')

Acquired Satellite Rights for the broadcast of feature films and other long-form programming such as multi-episode television serials are initially stated at cost.

With effect from April 1, 2021, the management has reassessed the estimated useful life of film broadcasting rights (satellite rights) based on the pattern of the expected future economic benefits and accordingly, cost of such rights are amortized the over a period of four years, from the date of first telecast of the film, in a graded manner in line with the prevailing industry practices in India and across the world. This was, hitherto, fully expensed off on the date of first telecast of the film.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

The cost related to program broadcasting rights / multi episodes series are amortized based on the telecasted episodes.

- Film production costs, distribution and related rights

The cost of film production is allocated between distribution and related rights based on management's estimate of revenue. Distribution rights are amortized upon the theatrical release of the Film and other related rights are amortised either on sale or exploitation of such rights.

- Licenses

Licenses represent one time entry fees paid to Ministry of Information and Broadcasting ('MIB') under the applicable licensing policy for Frequency Modulation ('FM') Radio broadcasting. Cost of licenses are amortised over the license period, being 15 years.

- Goodwill arising on Consolidation

The carrying amount of goodwill arising on consolidation is not amortized and is reviewed for impairment in accordance with the requirements of Indian Accounting Standard 36 "Impairment of Assets" and impairment losses are recognised wherever the carrying amount of an asset exceeds its recoverable amount.

h) Impairment of non-financial assets

At each reporting date, the Group assesses whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit's ('CGU') fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value cost of disposal, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

Impairment losses are recognized in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Group estimates the asset's or cash-generating unit's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of profit and loss.

i) Franchisee fees

The annual franchise fee payable to the Board of Control for Cricket in India ('BCCI') is recognized as an expense on an accrual basis in accordance with terms of the Group's agreement with BCCI.

j) Borrowing costs

Borrowing costs are expensed in the period in which they are incurred.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

k) Revenue recognition

Revenue is recognized when the performance obligations under the contract with customers are satisfied and to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Group has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to credit risks.

- Advertising income and income from sale of broadcast slots are recognised when the related commercial or programme is telecast.
- Revenue from radio broadcasting is recognised on accrual basis on the airing of client's commercials.
- International subscription income represents income from the export of program software content, and is recognised as and when the services being rendered in accordance with the terms of agreements with customers.
- Subscription income represents subscription fees billed to cable operators / the Group's authorised distributors / Direct to Home (DTH) service providers and are recognised in the period during which the service is provided. Subscription fees billed to cable operators are determined based on number of subscription points to which the service is provided based on relevant agreements with such cable operators (along with management's best estimates of such subscription points wherever applicable), at contractually agreed rates. Subscription income from SUNNXT customers is recognised as and when services are rendered in accordance with the terms of agreements entered into with the service providers /customers.
- Revenues from sale of distribution rights and other rights relating to the movie produced are recognised in accordance with the terms of contract with customers and upon satisfaction of performance obligation under the contract.
- Income from content trading represent revenue earned from mobile service providers and DTH service providers through exploitation of content owned by the Group. Income is recognised as per the terms of contract with the respective service providers and based on the services being rendered to the service provider.
- Income from Indian Premier League represents following:

Income from franchisee rights is recognised when the rights to receive the payments is established as per the terms of the agreement entered with The Board of Control for Cricket in India ("BCCI"). Revenue is recognised as per the information provided by BCCI or as per Management's estimate in case the information is not received. The revenue is allocated on a pro-rata basis to number of matches played during the year as against the total number of matches for the season / tournament.

Income from sponsorship fees is recognised on completion of terms of the sponsorship agreement.

Income from sale of tickets is recognised on the dates of the respective matches. The Group reports revenues net of discounts offered on sale of tickets.

Prize money is recognised when right to receive payment is established.

- Revenues from barter transactions, and the related costs, are recorded at fair values of the services received or if the same cannot be measured reliably, then the fair value of the services rendered, as estimated by management.
- For all debt instruments, interest income is recorded using the effective interest rate (EIR). Finance income is included in other income in the statement of profit and loss.
- Dividend income is recognised when the right to receive payment is established, which is generally when shareholders of the investee entity approve the dividend.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

- Rental income arising from operating leases on investment properties is accounted for based on the terms of the agreements and is included in other income in the statement of profit or loss.
- Export incentives are recognized when the right to avail the benefits under the respective schemes is established.

Revenues recognised in excess of billings are disclosed as “Unbilled Revenue” under other current financial assets. Billings in excess of revenue recognised are disclosed as “Deferred Revenues” under other current liabilities.

l) Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognizes the contribution payable to the provident fund scheme as an expenditure when the employee renders the related service.

Gratuity liability is a defined benefit obligation. The cost of providing benefits under the plan is determined on the basis of actuarial valuation at each year-end using the projected unit credit method.

Remeasurement, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through through Other Comprehensive Income ('OCI') in the period in which they occur. Remeasurement is not reclassified to profit or loss in subsequent periods.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognizes the following changes in the net defined benefit obligation as an expense in the consolidated statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Re-measurement gains/losses are accounted through profit or loss account and are not deferred.

The Holding company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

m) Taxes

Tax expense comprises current and deferred tax.

a. Current income-tax

Current income-tax asset and liabilities are measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted at the reporting date. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b. Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of taxable temporary differences associated with investments in subsidiaries and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of deductible temporary differences associated with investments in subsidiaries and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities.

Minimum alternate tax ('MAT') paid in a year is charged to the statement of profit and loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. The said asset is recognised as "MAT Credit Entitlement" as deferred tax asset, and is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

n) Earnings per share (EPS)

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split and reverse share split that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

o) Leases

The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are re-measured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

p) Cash and Cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management operations.

q) Foreign currency transactions

The Group's consolidated financial statements are presented in Indian Rupees, which is the Holding Company's and subsidiaries functional currency.

Initial recognition

Foreign currency transactions are recorded in the functional currency, by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are translated using the closing rate. Non-monetary items which are carried in

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

terms of historical cost denominated in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary items which are carried at fair value denominated in a foreign currency are translated using the exchange rates that existed when the values were determined.

Exchange differences

All exchange differences arising on settlement / conversion of foreign currency monetary items are included in the statement of profit and loss.

r) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability
- The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the Note No. 36 and 37 of the financial statements.

s) Provisions

A provision is recognized when the Group has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the

(All amounts are in crores of Indian Rupees, unless otherwise stated)

liability. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. The expense relating to a provision is presented in the statement of profit and loss.

t) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Debt instruments at amortized cost
- Debt instruments at fair value through profit or loss (FVTPL)
- Debt instruments at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

Debt instrument at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or it is designated as at FVTPL

In addition, the Group may elect to classify a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, the Group doesn't have any debt instruments that qualify for FVTOCI classification.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss account. The Group does not have any financial asset under this category.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Group decides to classify the same either as at FVTOCI or FVTPL. However, there are no such instruments that have been classified through FVTOCI and all equity instruments are routed through FVTPL.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity investment in Joint Venture

Investment in joint venture is accounted using equity method in the consolidated financial statements as mandated under Ind AS 28.

(All amounts are in crores of Indian Rupees, unless otherwise stated)

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Group's consolidated balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortized cost e.g. debt securities, deposits, trade receivables and bank balance
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18

The Group follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.
- As a practical expedient, the Group uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022

(All amounts are in crores of Indian Rupees, unless otherwise stated)

the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortized cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Financial liabilities

Initial recognition and measurement

The Group's financial liabilities include deposits, and trade and other payables. These are recognized initially at amortized cost net of directly attributable transaction costs.

Subsequent measurement

After initial recognition, they are subsequently measured at amortized cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

The EIR amortization is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

Financial guarantee contracts

Financial guarantee contracts issued by the group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortized cost e.g. debt securities, deposits, trade receivables and bank balance
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18

The Group follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves

(All amounts are in crores of Indian Rupees, unless otherwise stated)

such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.
- As a practical expedient, the Group uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortized cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Financial liabilities**Initial recognition and measurement**

The Group's financial liabilities include deposits, and trade and other payables. These are recognized initially at amortized cost net of directly attributable transaction costs.

Subsequent measurement

After initial recognition, they are subsequently measured at amortized cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

The EIR amortization is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

Financial guarantee contracts

Financial guarantee contracts issued by the group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in

accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

u) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

v) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

w) Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Group receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and depreciated / released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset.

x) Segment reporting

Based on internal reporting provided to the Chief operating decision maker, the Group's operations predominantly related to Media and Entertainment and, accordingly, this is the only operating segment. The management committee reviews and monitors the operating results of the business segment for the purpose of making decisions about resource allocation and performance assessment using profit or loss and return on capital employed.

y) Recent accounting pronouncements

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022 relating to Ind AS 16, Property Plant and equipment and Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets.

Ind AS 16, Property Plant and equipment – The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022.

Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets –

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labor, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted.

The Company has evaluated the above amendments and concluded that these are not applicable to the Company.

z) Significant accounting judgements, estimates and assumptions

The preparation of the Group's Consolidated Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the Consolidated Financial Statements:

Amortisation of intangible assets

Acquired Satellite Rights for the broadcast of feature films and other long-form programming such as multi-episode television series are stated at cost.

With effect from April 1, 2021, the management has reassessed the estimated useful life of film broadcasting rights (satellite rights) based on the pattern of the expected future economic benefits and accordingly, cost of such rights are amortized over a period of four years, from the date of first telecast of the film, in a graded manner in line with the prevailing industry practices in India and across the world. This was, hitherto, fully expensed off on the date of first telecast of the film.

The cost related to program broadcasting rights / multi episodes series are amortized based on the telecasted episodes

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the Standalone Financial Statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Provision for taxes

The Group's tax expense for the year is the sum of the total current and deferred tax charges. The calculation of the total tax expense necessarily involves a degree of estimation and judgement in respect of certain items. A deferred tax asset is recognised when it has become probable that future taxable profit will allow the deferred tax asset to be recovered. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and other post-employment leave encashment benefit and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Going concern evaluation

The Group is debt free and based on estimation of revenues and cash flows for a 12 month period from the date of approval of these financial statements, the management has assessed and concluded that preparation of these financial statements on a going concern basis is appropriate. Also refer note 43 for impact of COVID 19 on its financial statements.

Note 32. Employee benefit plans - Gratuity**A) Defined Contribution plans**

i) Contribution to Provident Fund : Contributions towards Employees Provident Fund made to the Regional / Employee Provident Fund are recognised as expenses in the year in which the services are rendered.

ii) Contribution to Employee State Insurance : Contributions to Employees State Insurance Scheme are recognised as expense in the year in which the services are rendered.

B) Defined benefit plan - Gratuity

The Group has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on cessation of employment at 15 days salary (last drawn salary) for each completed year of service. The fund has the form of a trust and it is governed by the Board of Trustees. The Board of Trustees are responsible for the administration of the plan assets and for the definition of the investment strategy. Each year, the Board of Trustees reviews the level of funding in the gratuity plan. Such a review includes the asset-liability matching strategy and investment risk management policy. The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficits (based on valuation performed) will arise.

The scheme is funded with an insurance company (LIC) in the form of a qualifying insurance policy.

The following tables summarize the components of net benefit expense recognised in the statement of profit and loss and the funded status and amounts recognised in the balance sheet for the Gratuity plan.

Mortality rate	Indian Assured Lives Mortality (2012-14)		Indian Assured Lives Mortality (2012-14)	

The overall expected rate of return on assets is determined based on market prices prevailing on that date, applicable to the period over which the obligation is to be settled. The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. Based on the experience of the previous years, the Group expects to contribute about Rs.2.08 crores to the gratuity fund in the next year. However, the actual contribution by the Group will be based on the actuarial valuation report received from the Insurance Company.

The major categories of plan assets of the fair value of the total plan assets are as follows:

	Gratuity plan	
	March 31, 2022	March 31, 2021
Investments details:		
Funds with LIC	20.41	18.49
Total	20.41	18.49

The Group contributes all ascertained liabilities towards gratuity to the Sun TV Network Ltd Employees Group Gratuity Trust and the Trustees also administer the said contributions so made to the trust. As of March 31, 2022 and March 31, 2021, the plan assets have been primarily invested in insurer managed funds

A quantitative sensitivity analysis for significant assumption as at March 31, 2022 is as shown below:

Gratuity plan:

Assumptions	March 31, 2022			
	Discount rate		Future salary increases	
	1% increase	1% decrease	1% increase	1% decrease

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022*(All amounts are in crores of Indian Rupees, unless otherwise stated)***Note 35. Segment information**

Based on internal reporting provided to the Chief Operating Decision Maker, Media and Entertainment is the only operating segment for the Group.

Geographic information

Revenue from customers	March 31, 2022	March 31, 2021
India	3,370.89	2,989.57
Outside India	213.93	187.32
Total revenues per statement of profit or loss	3,584.82	3,176.89

The Company has one major customer (greater than 10% of total income) and revenue from operation aggregate to Rs.1,172.01 crores. Previous year there were no sales to external customers for more than 10% of the total income..

Non-current operating assets

	March 31, 2022	March 31, 2021
India	2,135.65	1,255.06
Rest of the world	-	-
Total	2,135.65	1,255.06

Non-current assets for this purpose consist of property, plant and equipment, investment properties, intangible assets, capital work in progress and other non current assets (other than financial instruments).

Note 36. Fair values

Set out below, is a comparison by class of the carrying amounts and fair value of the Group's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:

	Carrying value		Fair value	
	March 31, 2022	March 31, 2021	March 31, 2022	March 31, 2021
Financial assets (Non Current & Current)				
Investments in tax free bonds at amortised cost	112.72	196.46	116.01	202.90
Investments in taxable bonds at amortised cost	823.67	469.79	828.93	474.05
Investments in Non Convertible debentures	50.44	28.10	50.44	28.10
Investments in Bonds at fair value	96.84	45.54	96.84	45.54
Investment in Mutual funds and quoted equity shares	2,048.49	2,329.00	2,048.49	2,329.00
	3,132.16	3,068.89	3,140.71	3,079.59

The management assessed that the fair value of cash and cash equivalents, trade receivables, trade payables, and other current and non current financial liabilities and financial assets approximate their carrying amounts largely due to the short - term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The method and assumptions used to estimate the fair values is the fair values of financial instruments traded in active markets are based on quoted market prices at the balance sheet date.

Note 38. Financial risk management objectives and policies

The Group's principal financial liabilities, include trade and other payables. The Group has various financial assets such as trade receivables and cash and short-term deposits, which arise directly from its operations. The Group is exposed to market risk, credit risk and liquidity risk.

The Group's senior management oversees the management of these risks. The Group's senior management ensures that the Group's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: currency risk and other price risk, such as equity price risk. The value of a financial instrument may change as a result of changes in foreign currency exchange rates, equity price fluctuations, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy. Financial instrument affected by market risk includes investment in equity instruments etc.

Foreign currency risk

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities. As per the forex policy, the Group, takes forward contract for transaction where the foreign currency risk on account of movement in exchange rate expected to be high and which is material to Group. The impact of foreign exchange rate fluctuations is evaluated by assessing its exposure to exchange rate risks. Exposure to foreign exchange fluctuation risks is with Monetary receivables / payables denominated in USD, CAD, ZAR and SGD.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022*(All amounts are in crores of Indian Rupees, unless otherwise stated)***Note 39. Capital management**

For the purpose of the Group's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the Group's capital management is to maximise the shareholder value.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Group's policy for capital management aims to enhance capital efficiency by the long-term improvement of its value through business growth, while maintaining a sound financial structure. Indicators for monitoring the capital management include total equity attributable to owners of the parent and ROCE (ratio of net profit to total equity attributable to owners of the parent).

Return On Capital Employed

	March 31, 2022	March 31, 2021

Other Equity	7,958.16	6,856.67
Capital Employed	8,155.20	7,053.71
ROCE	25.97	26.69

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2022 and March 31, 2021.

Note 40. Goodwill

Goodwill represents goodwill on consolidation and is the excess of purchase consideration paid over net asset value of acquired subsidiary on the date of such acquisition. Such goodwill is tested for impairment annually or more frequently, if there are indicators for impairment. The management does not foresee any risk of impairment on the carrying value of goodwill as at March 31, 2022

Goodwill on consolidation as at March 31, 2022 stood at Rs. 4.80 crores (Previous year March 31, 2021 : Rs. 4.80 crores). The Group acquired 98.18% equity share stake in Kal Radio Limited through investment on various dates and excess purchase consideration paid over the net assets taken over to the extent of Rs. 4.80 crores was recognised as Goodwill.

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to the cash generating units (CGU) within Media and Entertainment operating segment, which benefit from the synergies of the acquisition. The Chief operating decision maker reviews the goodwill for any impairment at each reporting date.

The recoverable amount of CGU is the higher of its fair value less cost to sell and its value-in-use. The fair value of a CGU is determined based on the market capitalisation. The value -in-use is determined based on specific calculations. These calculations use pre-tax cash flow projections for a CGU over a period of ten years. An average of the range of each assumption used is mentioned below. As of March 31, 2022 and March 31, 2021 the estimated recoverable amount of the CGU exceeds its carrying amount. The recoverable amount was computed based on the fair value less cost to sell being higher than value-in-use. The carrying amount of the CGU was computed by allocating the net assets to operating segments for the purpose of impairment testing. The key assumptions used for the calculations are as follows:

Assumption	March 31, 2022	March 31, 2021
Long term growth rate	8% - 10%	8% - 10%
Operating Margins	10% - 15%	10% - 15%
Discount rate	12%	12%
